QMEP: Quality Measurement Enhancement Project

- Partners: SoLaHmo\textsuperscript{1}, MN Safety–Net Coalition\textsuperscript{2}, MNACHC\textsuperscript{3}, MDH\textsuperscript{4}
- Dates: 207–2018
- Purpose:
  - Identify clinicians’ perspectives of quality measures from working in high and low resource clinics
  - Identify diverse community members’ concepts of quality primary health care
- Methods:
  - Clinicians: Key informant interviews and focus groups
  - Community: Listening sessions with community leaders from 7 groups (Black/African American, GLBTQTS, Hmong, Latino, Native American, Somali, White)
- Results/Applications:
  - Clinicians
  - Community Leaders
  - Reports submitted to MDH to inform development of new statewide quality measurement framework
- Funders: Internal West Side funds, MDH and AHA
- Team Members: Misty Blue\textsuperscript{1}, Naima Dhore\textsuperscript{1}, Cindy Kaigama\textsuperscript{1}, Mo Mike\textsuperscript{1}, Luis Marty Ortega\textsuperscript{1}, Marcela Soto\textsuperscript{1}, Mai See Thao\textsuperscript{1}, Maiyia Yang\textsuperscript{1}, Lynne Ogawa\textsuperscript{1}, Kathie Culhane–Pera\textsuperscript{1}, Shannon Pergament\textsuperscript{1}, Michael Scandrett\textsuperscript{2}
